PROFESSIONAL SUMMARY

Results-driven Frontend Developer with 1.5+ years of professional experience building scalable, responsive, and high-performance web applications using React.js, Next.js, TypeScript, and Tailwind CSS. Proven ability to deliver seamless user experiences through mobile-first design, component-driven architecture, and SSR/SSG optimization. Passionate about solving complex UI challenges and contributing to large-scale, high-impact products.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3
Frameworks & Libraries: React.js, Next.js, Tailwind CSS, Redux, REST APIs
Tools & Platforms: Git, GitHub, VS Code, npm/yarn, Vercel
Concepts: Responsive Web Design, Component Architecture, Performance Optimization, Cross-Browser Compatibility, Mobile-First Design, Web Accessibility (WCAG), SEO Best Practices

EXPERIENCE

- Growth Panda** Bengaluru, Karnataka, India (Remote)
Frontend Developer Oct 2024 – Present
- Engineered and maintained responsive, interactive web applications using **React.js, Next.js, and Tailwind CSS**, improving page load performance by optimizing component rendering and code splitting.
 - Collaborated with UI/UX designers and backend engineers to implement pixel-perfect interfaces, ensuring cross-browser compatibility across Chrome, Firefox, Safari, and Edge.
 - Developed reusable component libraries and design system elements, reducing UI development time by standardizing shared components across multiple product features.
 - Implemented mobile-first, fully responsive layouts, ensuring seamless user experience across devices ranging from 320px to 4K resolutions.
 - Integrated RESTful APIs and managed asynchronous data flows, improving data-fetching efficiency using Next.js server-side rendering (SSR) and static site generation (SSG).
- Euphoria GenX** Kolkata, West Bengal, India
MERN Stack Developer Intern Jul 2023 – Nov 2023
- Completed an intensive 5-month Industrial Training Program in **MERN Stack Development** (MongoDB, Express.js, React.js, Node.js), gaining hands-on experience in full-stack application development.
 - Built and deployed full-stack web features including authentication flows, CRUD operations, and dynamic UI components using React.js and Node.js.
 - Gained practical experience with RESTful API design, database schema modeling, and connecting frontend interfaces to backend services.

PROJECTS

- Personal Portfolio Website** | *Next.js, TypeScript, Tailwind CSS* | [Live Demo](#) 2024
- Designed and developed a fully responsive developer portfolio using Next.js and Tailwind CSS, showcasing projects, skills, and professional experience with optimized performance (Lighthouse score 90+).
 - Implemented SEO best practices including meta tags, Open Graph protocol, and structured data to maximize discoverability.
- Dynamic Web Application** | *React.js, TypeScript, REST API* 2023
- Built a full-featured interactive web application with React.js, implementing state management, API integration, and component-driven architecture for a scalable and maintainable codebase.
 - Applied performance optimization techniques including lazy loading, memoization, and debouncing to deliver a smooth user experience.

EDUCATION

- Global Institute of Science and Technology** Haldia, West Bengal, India
Bachelor of Computer Applications (BCA) Jul 2021 – Jul 2024
- Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Computer Networks, Software Engineering, Web Technologies.
 - Recipient of **Certificate of Academic Excellence**; active member of **National Service Scheme (NSS)**.

ACHIEVEMENTS & CERTIFICATIONS

- Certificate of Academic Excellence** – Awarded for outstanding academic performance during BCA program.
- National Service Scheme (NSS) Certificate** – Recognized for community service and leadership contributions.
- MERN Stack Industrial Training** – Certified completion of professional-grade full-stack development training at Euphoria GenX.
